

## 2017 STUDENT INFORMATION

Dear Parents

Each year at this time, our school leadership team commences their planning and organisation for the following school year. This planning revolves around the number of student enrolments we can expect each year as this determines our school's budget from the Department of Education and Training. Our student enrolments also provides the information for us to make decisions about how many teachers are required at PLPS, how many home groups there are at each year level and where our students are going to be placed.

Each year we are able to accurately predict our numbers due to knowing how many Prep enrolments we will have and the number of students who will be leaving our school, including our year 6 students who will be moving on to the secondary school of their choice in 2017.

However, this year, we require your assistance to provide us with added information. Next year a new government school will be opening in Henry Road and some of our current students and families may decide that they will be attending this school next year. To assist us with our planning arrangements, it would be very much appreciated if those families who are moving schools, could please complete the slip below and return it to our school office. This information will assist our office staff to support the transition of your child/ren to their new school.

Your assistance and support in this important matter is much appreciated.

***Gary Norbury***
